Innovation

Development of 15 **new capacitor series** in 10 years

Flexibility

Custom designs to satisfy all application requirements

Excellence

High voltage products

Automotive grade capacitors for industrial applications up to 125° and THB up to 2000h

PRODUCT RANGE

SCREW
ALLUMINUM CAN

K36

85°C 100000h
600V to 4000V
24uF to 5600uF

450V to 1100V
1uF to 220uF

OUR STRENGTHS

- **Innovation:** 15 new capacitor series in the past 10 years.
- **Flexibility:** Custom designs for specific application needs.
- **Excellence:** High capacitance and high voltage with long life.
- **Fast Delivery:** Among the shortest delivery times in the market.
- **Test Laborstory:** 3 test lab inside the facility

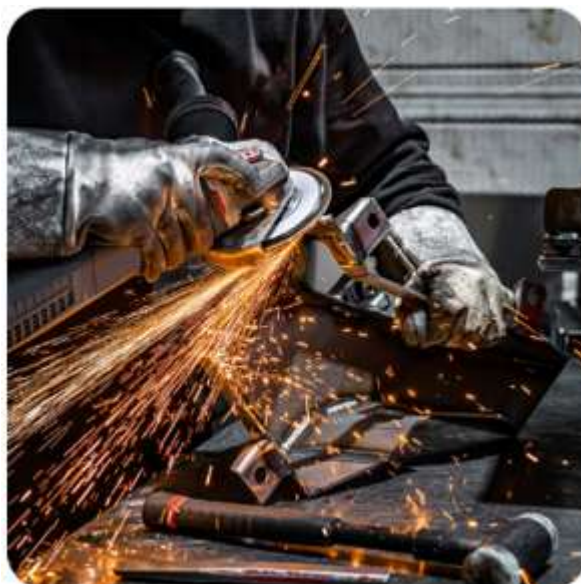

Main Applications

Applications

Our capacitors are essential in sectors including:

- **Energy:** Solar and wind power.
- **Industrial:** Drives, welding, and UPS.
- **Transportation:** Railway traction and EV propulsion.
- **Medical:** High reliability equipment

QUALITY and R&D

- Committed to superior quality through rigorous testing and certification.
- Endurance and shelf life tests.
- Thermal cycle tests and new electrolyte characterization.
- Strict raw material quality control
